A young adult series written by Kiera Cass, The Selection takes place in a dystopian world, in the country of Illea, which was once the United States and focuses on a competition designed to pick a woman to become the future wife of Prince Maxon and take on the role of Queen of Illea. This competition is the heart of the third first books, the two others are sequels written from the point of view of Princess Eadlyn, the firstborn daughter of Prince Maxon. The Selection Books in Chronological Order: The Queen - Novella. This prequel story takes place before the events of The Selection and is told from the point of view of Prince Maxon's mother, Amberly and how she became a beloved queen. Included in Happily Ever After. The Prince - Novella. Before America Singer was chosen to compete in the Selection, there was another girl in Prince Maxon's life. In The Prince, follow Prince Maxon through the week leading up to the beginning of the Selection—and the day he first meets America. Included in Happily Ever After. The Selection - Book #1. For thirty-five girls, the Selection is the chance of a lifetime. The opportunity to escape a rigid caste system, live in a palace, and compete for the heart of gorgeous Prince Maxon. But for America Singer, being selected is a nightmare. It means turning her back on her secret love with Aspen, who is a caste below her, and competing for a crown she doesn't want. Then America meets Prince Maxon—and realizes that the life she's always dreamed of may not compare to a future she never imagined. The Elite - Book #2. Thirty-five girls came to the palace to compete in the Selection, and to win Prince Maxon's heart. Now six girls remain, and the competition is fiercer than ever—but America Singer is still struggling to decide whose her heart truly lies. Is it Prince Maxon—and life as the queen—that she wants? Or is it still Aspen, her first love? The Guard - Novella. This 64-page story begins just after the group of Selected girls is narrowed down to the Elite and is told from Aspen's point of view. Included in Happily Ever After. The One - Book #3. When she was chosen to compete in the Selection, America never dreamed she would find herself anywhere close to the crown—or to Prince Maxon's heart. But as the end of the competition approaches, and the threats outside the palace walls grow more vicious, America realizes just how much she stands to lose—and how hard she'll have to fight for the future she wants. The Epilogue - Short Story. After The One. An 11-page story that takes place two years later on Maxon's birthday. Included in Happily Ever After. The Favorite - Novella. Told from Marlee's point of view, this 64-page story returns to the fateful Halloween when Marlee and Carter were discovered and reveals how that night—and Prince Maxon—changed their lives forever. The Heir - Book #4. Princess Eadlyn has grown up hearing endless stories about how her mother and father met. Eadlyn has always found their fairy-tale story romantic, but if it were up to her, she'd put off marriage for as long as possible. But Eadlyn can't escape her very own Selection and one entry may just capture Eadlyn's heart, showing her all the possibilities that lie in front of her. The Crown - Book #5. Eadlyn still isn't sure she'll find the fairytale ending her parents did twenty years ago. But sometimes the heart has a way of surprising you...and soon Eadlyn must make a choice that feels more impossible—and more important—than she ever imagined. A bonus epilogue is included in the Barnes & Noble special edition. Happily Ever After - Companion to the Selection Series. Includes four novellas as well as exclusive bonus content (The Prince, The Guard, The Queen, The Favorite, new scenes from The Selection, The Elite, and The One, introductions to each novella from Kiera Cass, a map of Illea and other illustrations). The main series can also be found in one box set. This article is about the series. For other uses, see The Selection (disambiguation). The Selection Series is a five-novel series of dystopian/romance young adult novels by author Kiera Cass. It follows the journey of America Singer for the first three novels of this series. She is a young girl who was selected to enter a competition called The Selection (referred to as The Hunger Games meets The Bachelor, minus the bloodsport) which is supposed to help the heir to the throne find their partner for life. In America's case, she is chosen to be one of the thirty-five girls to compete for Prince Maxon's heart and to be the next princess of a future country called Illea. However, this means leaving her family and secret boyfriend Aspen behind. She is stuck between two worlds and realizes that life as one of the competitors is not what she expected. On April 22, 2015, it was announced that Warner Brothers has purchased the film rights for The Selection. Update: Netflix has a film adaptation of the selection in the works. Haifaa Al-Mansour is set to direct. As of April 10, 2020, the movie is in pre-production. [1]Link to IMDB page [2]Link to YouTube video The last two books follow the journey of Princess Eadlyn Schreave. "Eadlyn doesn't expect her Selection to be anything like her parents' fairy-tale love story...but as the competition begins, she may discover that finding her own happily ever after isn't as impossible as she's always thought." The Selection Series Sampler (December 30, 2014); only available as an e-book but for free, includes the first chapters from The Selection, The Elite, The One and The Heir. Sometimes it includes a mistake, reading The Queen instead of The Heir. Happily Ever After: Companion to the Selection Series (October 13, 2015); all known novellas and new ones were published in hardback and illustrated. The Selection Coloring Book (December 27, 2016) Trivial[] The first three covers of The Selection series are blue, red, and white, which are the colors of the American flag. It is a wordplay between the protagonist America's name and the previous name of Illea. The dress of The Selection's cover was originally purple-gray, but then it was altered into a teal-blue color. The dress of The Elite's cover was fuchsia, but then it was altered into orangish red. According to Kiera Cass "back in 2011, the brilliant people at HarperTeen got together an amazing photographer, a beautiful model, and some spectacular dresses and shot all three covers on the same day. [...] The original dress for the final book... I actually don't remember it. Because, here's the story: as we watched how America grew through the books when it came time to put the final cover together, there wasn't a pose that worked quite right from the original batch. So, to make a strong final impression, the same photographer and model were brought back in with three new dresses." Kiera Cass said for the cover of The Crown: "I think the purple of The Crown goes well with the gray of The Heir, making the two stories look like they go together. I also really like Eadlyn's pose. I think she looks super strong, which suits her. She's one tough girl." The Selection was a potential television series that would have aired on The CW, but it was not picked up because The CW did not want two shows about princesses in their program. It was announced on April 22, 2015, that Warner Bros has won the film rights of The Selection series and has set Black List scribe Katie Lovejoy to adapt it. DiNovi Pictures' Denise DiNovi and Alison Greenspan are producing with Pouya Shahbazian. Director Thea Sharrock was chosen to direct The Selection film. The series has sold more than 3.5 million copies worldwide and is published in 32 languages. There is a T-shirt design inspired by The Selection series. It can be found here.
